

Grand Reunion —August 5th-8th, 2021

Volume 30, Number 3

Fall 2020

From the President

Bellhops, Faculty & Friends:

I hope this finds all our CMA Families safe and doing well during this crazy time. This is the time of year we would be going back to the campus to start our school year. With the school situation so different around the country, I am happy to report that CA has begun classes on campus with, I believe, only one case of the virus so far. I have been in discussions with Dr Thomas as to CMA Day this year. We have decided to not have CMA Day with the usual interaction between our Alumni and the students. With so many of our group in the At Risk category we feel it is safer not to mix the old folks with the young folks. CA will have a home football game October 16th, which would have been CMA Day, and we are welcome to attend. We have a Board of Directors meeting scheduled Saturday October 17th, depending on the social distancing and group gathering guidelines at that time. I will be in touch with the Board Members as we get closer to the meeting date for feedback. Having to reschedule the 2020 Reunion and move it to 2021 was one of the effects of COVID-19 that had a major impact on our Association. The Marriott was extremely helpful in rescheduling our event. The 2021 Reunion infor-

mation will be in the Winter Edition of the *Bugle*. The 2021 Reunion schedule of events will remain the same as 2020. We will celebrate the 50th Reunion for the 1970 & 1971 Classes. The Honor Group will be the Valedictorians & Salutatorians as planned for 2020. As we move forward, the Reunion will be held on odd years (2023, 2025, etc.). The Board of Directors will finalize the 2021 Reunion plans during our meeting in October. Please remember, the CMA Alumni Association is for anyone who attended CMA for one year, several years, graduate or non-graduate. We all shared the same experience and have many of the same stories. Please contact your classmates and Friends and encourage them to attend our 2021 Reunion and renew old friendships and share those stories.

Cordially,

Robin

Help Keep the *Bugle* Interesting and Fresh

The next edition of the *Bugle*, the Winter 2020 edition, will mark 30 years of publication. During that time the *Bugle* has gone through numerous changes and three “editors”. Through it all, the intent has been to help keep the CMA spirit alive and active among the CMA Family— its alumni, faculty and friends. Spreading news about the alumni association, sharing stories and memories, publishing minutes from CMAAA Board Meetings, advertising CMAAA Grand Reunions, helping preserve the CMA history, publishing Then and Now articles on alumni, and sharing the sad loss of friends in the Silver Taps section of the *Bugle* have all been part of the *Bugle* narrative.

As we approach the end of that first 30 years of publication and get ready for year 31 and a much needed CMA Grand Reunion in 2021, a special request is going out to the CMA Family asking you to help keep the *Bugle* relevant and entertaining. Our *Bugle* publications can help us keep connections in an isolating environment.

You can help the *Bugle* maintain its value by providing your stories, pictures, news updates, Then and Now write-ups, and information on CMA Family losses so it can be shared with the association members through the *Bugle*. Please provide anything that you think would be good for inclusion in the *Bugle* to the below address and help keep the *Bugle* moving forward:

Author Profile: Jim Downey

Taken from the Cenla Focus,
January 2020

Family history-type books can take on many forms. Most of these books, though, tend to be strictly for genealogists, but a few—just a few—can become fascinating and intriguing historical accounts that everyone can read and enjoy. Jim Downey's book, "Horses and Helicopters: A Son's Tribute to His Father and Their Shared Military Service", is an extraordinary book, telling in personal terms a son's journey through his father's military career and his own. This book is also a model for any potential author who wants to write about the heroes in their own family.

Jim Downey was born at Fort Bragg, North Carolina, the son of James Downey, a First Sergeant in an all black Artillery Battalion. James's military service would probably rival any of the many well-known heroes of World War II. James joined the military in 1927 at age 16 and was one of the very last horse soldiers. In 1932, James was stationed in China, but during World War II, James fought in the Pacific and European theatres—just about everywhere—including at the D-Day Invasion. After the war, James participated in the occupation of Germany and was later assigned to Raritan Arsenal in New Jersey. He eventually retired from service and has since passed away.

Son Jim's memory and story began in occupied Germany, where he lived from 1948 to 1951 with his parents. As a young boy, he picked up the German language quickly and actually acted as a translator for his parents. After graduating from Columbia Military Academy in Tennessee in 1958, he immediately

Enlisted in the Air Force. As physics was his best course at the academy, Jim became an aircraft hydraulics technician. In 1966, Jim made his first of three tours to Vietnam, reminiscent of his father's three tours overseas. Eventually, Jim was stationed at our former England Air Force Base in 1972. Sadly, Jim later learned that he was severely affected by the defoliant chemical Agent Orange, a herbicide used tactically during the war. He was exposed from his work on the planes used to spray it in Vietnam. When asked about his thoughts on the Vietnam War, Jim responded, "I was mad that we didn't win. We drew a line in the sand and wouldn't cross it."

Upon settling in Alexandria in the early 1970s, Jim helped bring a million dollars to our community by arranging for a national jamboree here for the citizen band radio enthusiasts, a first for our area. Jim later worked at Pinecrest and set up their safety program. In 1985, Jim became a state inspector of Medicaid facilities in our area. He said of the job, "I stirred up the nursing home industry by doing what I was supposed to do." In 1986, using the GI Bill, Jim graduated from Northwestern, later earning a Masters in Management in 1992. Later, he started "Rapides Island" water services in Western Rapides Parish. His last job was working for CASA for four years until ill health finally caught up with him.

Jim is proud of his book highlighting his father's military career and his own career, both very similar. Jim was inspired to write the book when he was sent a questionnaire to fill out by a military group that required Jim to do some research on his father. Pouring through his father's papers was like reconstructing his father's life and subsequently his own. Jim is very satisfied with the book, but more can be added to his story. "I wish more members of the military would write about their service," says Jim.

His remarkable book is available from iUniverse Publishing.

Editor's Note: Jim Downey attended CMA for two years graduating with the Class of 1958.

CMAAA Scholarship

Randy Howell, CMAAA Vice President, attended this year's Columbia Academy Graduation Exercises and presented the annual CMAAA Scholarship.

The 2020 CMAAA Scholarship was awarded to Juliana Marie Raney. Jules is the daughter of Jim and Jennifer Raney. Her impressive scholastic record; excellent GPA; array of extracurricular activities; and American patriotism make her an outstanding recipient. In her tenure at Columbia Academy, she has played for the Lady Bulldogs Varsity Basketball and Soccer Teams, participated with the Best Buddies Club, and is noted for being the CA Bulldog mascot. In the fall, she will embark upon her military career by attending Middle Tennessee State University, entering the Honors Aerospace Air Force ROTC program, and majoring in Professional Piloting.

CMAAA Reunion 2021 Make Plans Now to Attend

There was certainly a void in many alumni calendars this year when it came to the first weekend in August. What had become a routine bi-annual event for so many fell victim to the impacts of COVID-19. As many have said, 2020 will be a year to remember (or forget depending on your perspective). But, the CMA Alumni Association made the best decision for its members and made it in a timely manner. So now we begin planning for the 2021 Reunion. It will be a great event with even more of a reason for alumni to get together and celebrate CMA and the friendships that were established there and afterwards through the Alumni Association. Go ahead and mark you calendars for Thursday, August 5th through Sunday, August 8th 2021 for the CMAAA Grand Reunion. We will continue our bi-annual scheduling of the reunions from that date.

Special Request on Dues Payment to the Alumni Association

The postponement of this year's Grand Reunion caused some real adjustments for the Alumni Association and one of the most impacted areas is in dues payment. Since the Alumni Association does not send out notices telling its members to pay their dues at a specific time, the best thing to do to keep up with dues payments is to make your payment every two years in conjunction with the CMAAA Reunion. Since we postponed the reunion this year, the convenience of paying dues when registering was not available. However, the Association has to keep on with its financial obligations and in order to meet those it depends on member dues. The Association is asking that you pay one year's dues (\$25) now to help the Association during this next year and then resume making two-year dues payments next Spring/Summer in conjunction with registering for the 2021 Grand Reunion. Dues are critical to keeping the association going, especially this year when we lost out on revenue generated from the reunion (auction, raffle, memorabilia sales, donations). Please submit your \$25 check made out to CMAAA and your dues are good until the next reunion year in 2021. Mail your payment to:
